We have, as special counsel to the Agency, examined the executed counterparts of the Agency Documents and such certified proceedings as we deemed necessary to render this opinion. No opinion as to the validity and enforceability of the Agency Documents as they relate to the Company is expressed herein.

In our examination, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals and the conformity with the original documents of all documents submitted to us as copies. Furthermore, in rendering the following opinions, we have assumed that all documents executed by a person or persons other than the Agency have been duly executed and delivered by said other person or persons and that said documents, to the extent they create obligations, constitute legal, valid and binding obligations of said person or persons enforceable against said person or persons in accordance with their terms.

Based upon our examination of the foregoing and in reliance upon the matters and subject to the limitations contained herein, we are of the opinion, as of the date hereof and under existing law, as follows:

(A) The Agency was duly created and is validly existing as a corporate governmental agency constituting a public benefit corporation of the State of New York with the corporate power to enter into and perform the Agency Documents and to grant the Financial Assistance.

(B) The Agency Documents have been duly authorized, executed and delivered by the Agency and are valid and binding special obligations of the Agency enforceable against the Agency in accordance with their respective terms, except as specified below.

Any opinion concerning the validity, binding effect or enforceability of any document (A) means that (1) such document constitutes an effective contract under applicable law, (2) such document is not invalid in its entirety under applicable law because of a specific statutory prohibition or public policy, and is not subject in its entirety to a contractual defense under applicable law and (3) subject to the following sentence, some remedy is available under applicable law if the person concerning whom such opinion is given is in material default under such document, but (B) does not mean that (1) any particular remedy is available under applicable law upon such material default or (2) every provision of such document will be upheld or enforced in any or each circumstance by a court applying applicable law. The validity, binding effect or enforceability of any document may be limited or otherwise affected by (A) any bankruptcy,

insolvency, reorganization, moratorium, fraudulent conveyance or other similar statute, rule, regulation or other law affecting the enforcement of creditors' rights and remedies generally or (B) the unavailability of, or any limitation on the availability of, any particular right or remedy (whether in a proceeding in equity or at law) because of the discretion of a court or because of any equitable principle, public policy, procedural requirement or requirement as to commercial reasonableness, conscionability or good faith.

We express no opinion with respect to (A) title to all or any portion of the Project Facility, (B) the priority of any liens, charges, security interests or encumbrances affecting the Project Facility or any part thereof (or the effectiveness of any remedy which is dependent upon the existence of title to the Project Facility or the priority of any such lien, charge, security interest or encumbrance), (C) any laws, regulations, judgments, permits or orders with respect to zoning, subdivision matters or requirements for the physical commencement and continuance of the acquisition, reconstruction, installation, occupancy or operation of the Project Facility or with respect to the requirement of filing or recording of any of the Agency Documents, or (D) the laws of any jurisdiction other than the State of New York.

Insofar as the foregoing opinions express or involve conclusions as to compliance by the Agency with the provisions of Article Eight of the Environmental Conservation Law of the State of New York, we have relied upon the accuracy of the conclusions contained in the resolution adopted by the members of the Agency on August 5, 2021 (the "SEQR Resolution") in which the Agency (A) concurred in the determination that the Town of Martinsburg Planning Board (the "Planning Board") is the "lead agency" with respect to SEQRA, and (B) acknowledged receipt of a negative declaration from the Planning Board issued on February 3, 2021 (the "Negative Declaration"), in which the Planning Board determined that the Project would not have a significant adverse environmental impact on the environment, and therefore, that an environmental statement need not be prepared with respect to the Project; provided, however, that we are not passing upon nor do we assume any responsibility for the accuracy, completeness, or fairness of the statements, information or conclusions contained in the foregoing and we make no representation that we have independently verified the accuracy, completeness, or fairness of any such statements, information or conclusions.

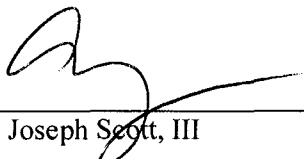

We have not been requested to examine and have not examined any documents or information relating to the Company other than the documents hereinabove referred to, and no opinion is expressed as to any financial or other information, or the adequacy thereof.

This opinion is rendered as of the date hereof, and no opinion is expressed as to matters referred to herein on any subsequent date.

Very truly yours,

HODGSON RUSS LLP
